

FARM, FIBRE FOOD & FRIENDS

Connect, create, and enjoy a simpler life

Slow down and spend an afternoon with us on our family farm. Immerse yourself in time-honored traditions, create with your hands and sync with the rhythms of a simpler time.

Discover the unique process of creating with wool sourced right here – allow us to introduce you to the soil and land the livestock have been raised on, feel the raw fleece on the sheep's back, and learn the traditional process of preparing the wool. At the end of the day, take home a one-of-a-kind crafted masterpiece you created yourself. *(Please note that projects may vary with seasons).*

Deepen your understanding of sustainable living and foster a strong bond with the land as you savour a delicious farm-to-table meal with food harvested in our fields, pastures and forests, while enjoying meaningful conversations with new-found friends. This experience is eco-friendly, waste-free, and uses local ingredients and supplies produced right here on the farm.

Connect, create, and enjoy a simpler life.
